Introduction

General relativity is a theory of gravitation that was developed by Albert Einstein between 1907 and 1915. According to general relativity, the observed gravitational effect between masses results from their warping of spacetime.. By the beginning of the 20th century, Newton's law of universal gravitation had been accepted for more than two hundred years as a valid description of the ...

Mass is a term used to describe the main eucharistic liturgical service in many forms of Western Christianity. The term Mass is commonly used in the Catholic Church and Anglican churches, as well as some Lutheran churches, Methodist, Western Rite Orthodox and Old Catholic churches.. Some Protestants employ terms such as Divine Service or service of worship, rather than the word Mass.
