Dumbing down is the deliberate oversimplification of intellectual content in education, literature, and cinema, news, video games and culture. The term "dumbing down" originated in 1933, as movie-business slang used by screenplay writers, meaning: "[to] revise so as to appeal to those of little education or intelligence". Dumbing-down varies according to subject matter, and usually involves the ...

In cultural studies, media culture refers to the current Western capitalist society that emerged and developed from the 20th century, under the influence of mass media. The term alludes to the overall impact and intellectual guidance exerted by the media (primarily TV, but also the press, radio and cinema), not only on public opinion but also on tastes and values.

A fascinating stroll down the education highway with an engaging author. My favorite parts concerned the curricula found in the nation's top private schools, as opposed to the watered-down pap that is being taught to students in our public schools, the author's tales of his actual experiences as a teacher in New York, and how the home-schooling movement is affecting the education landscape.
