COACH FRAME OF REFERENCE. Before learning how to use coaching questions, or any other coaching tool, strategy, technique or attitude, one needs to be aware that all of these are most often determined by the coach's past, habits, personality, upbringing, values, principles, etc. This is the influence of the coach's frame of reference.

A company is as good as its members. To be world class it needs members who can deliver the best in whatever they do. They should be co-operating, understanding and should maintain an ambience of happiness and friendliness besides being competitive and effective in the respective areas of work.

### **What will you bring for the company? - GeekInterview.com**

A. Android uses Dalvik Virtual Machine (DVM) which requires a special bytecode. We need to convert Java class files into Dalvik Executable files using an Android tool called "dx". In normal circumstances, developers will not be using this tool directly and build tools will care for the generation of DVM compatible files.

Complexity characterises the behaviour of a system or model whose components interact in multiple ways and follow local rules, meaning there is no reasonable higher instruction to define the various possible interactions.. The term is generally used to characterize something with many parts where those parts interact with each other in multiple ways, culminating in a higher order of emergence ...
