Making Strategy Work: A Literature Review on the Factors

In education. Performance measurement has been defined by Neely as "the process of quantifying the efficiency and effectiveness of past actions", while Moullin defines it as "the process of evaluating how well organisations are managed and the value they deliver for customers and other stakeholders". Discussion on the relative merits of these definitions appeared in several articles in the ...

Performance measurement - Wikipedia

Management of business processes is a comprehensive approach to implementation of the objectives of an organisation. It concentrates on optimising the ways business processes are run in organisations in order to increase effectiveness of operations within an organisation.

Complexity characterises the behaviour of a system or model whose components interact in multiple ways and follow local rules, meaning there is no reasonable higher instruction to define the various possible interactions.. The term is generally used to characterize something with many parts where those parts interact with each other in multiple ways, culminating in a higher order of emergence ...
